Artificial Intelligence and Academic Integrity at USC

Brief explanation of modern ethical use of AI

Context of AI in the honor code

Request a Presentation ↗
 learn more / answer any questions

Process of Investigation

1. Report of violation received, student/teacher notified
2. Student/Teacher allowed to respond
3. Review of evidence by Carolina Judicial Council
4. Final Decision and administrative/educational/Reciprocal outcomes

teacher reads that certain uses of AI are violations of the Honor Code

learns how reports are processed and how to get more information

additionally could also help them identify student violations more accurately

"Examples of Outcomes"

Outcomes

Administrative ↗	Educational ↗	Reciprocal ↗
Probation, Suspension, expulsion, transcript notation, degree revocation, termination of employment	Mandatory Integrity Web Course Optional AI + Ethics Course	If a report is determined to be done out of malice ↗ probation, suspension (if repeated) teacher-defined punishment
